Overview of the NHMA Summit

The purpose of the Summit is to: 1.) Provide an overview of cardiovascular disease (CVD) and the evolution of CVD medical innovation 2.) Share approaches on how to prevent and diagnose CVD in the Hispanic community 3.) Discuss access and barriers to CVD healthcare services and 4.) Demonstrate how physicians can train themselves to be better healthcare professionals through ongoing faculty training/continuing education, as well as how patients and physicians can best advocate.

About the NHMA

Established in 1994 in Washington, DC, the NHMA is a non-profit association representing over 50,000 licensed Hispanic physicians in the United States. The mission of NHMA is to empower Hispanic physicians to work with medical societies, residents and our public and private partners to improve the health of Hispanics.
